## Scene 1

### Intermediate Stage Stars – This is Halloween

#### Song 1 – This is Halloween.

- Ruth Right, listen up as today is a very important day here at the Halloween Hotel. We have a lot of guests arriving today so everything must be perfectly imperfect, and the guest must have a hell of a time.
- Wanda Boss, is it true that the tour group arriving today are all humans?
- Ruth Yes that is correct, the human group have booked the full fright 'Transylvania Mania' package so we must give them a good scare. We also have a couple of ghosts arriving and a family of Vampires.
- Victoria Oh fangs for letting me know, I will make sure they feel right at home.
- Hamish So many guests for dinner, not my dinner unfortunately, but I'll have to get some extra tables and chairs out of the Were-house.
- Ruth Yes please do Hamish, Wanda how is the menu looking?
- Wanda The Menu for tonight's dinner is organized, I've been brewing in my cauldron all morning. They'll be having Devilled Eggs for starters, Toad in the hole, real toads, for mains, and eyes scream for dessert. Blood clot Soup for the Vampires because they have special dietary requirements, such fussy eaters those Vampires.
- Victoria Don't be judgy Wanda, food allergies are a real thing you know! I still haven't forgot the time you tried to feed me steak!
- Hamish Victoria, she didn't do it on purpose it was a mis-steak! (pause) I think you're food is lovely Wanda.
- Wanda Yes you do always wolf it down.
- Mary The rooms are ready Ruth. I've put spiders in all the beds and poltergeists in each cupboard so they will sleep terribly. Oh, and I put green slime in the shampoo bottles for an extra gross touch.
- Ruth Oh how lovely Mary, what a great idea. Hamish when they arrive you must take their luggage up to their rooms. Please all remember Room 13 is strictly out of bounds, that's where the evil spirits are kept...we must not let them out or all hell will break loose...
- Victoria Yes, we can't have another incident like last time...isn't it a risk letting humans come into the hotel again?
- Mary I just can't get the blood off the walls in room 13, a little blood is lovely but that room, so much blood...

Hamish Thanks for making me aware! Ha, get it, aware, I'm aware wolf. (Pause the others look at him pathetically) Room 13 is out of bounds. Got it!

Ruth We will make this the worst, most frightening hotel in Transylvania or my name is not Ruth Less!

Hamish Ruth can I get some help, I thought we could add some extra salt to the pool and make it as relaxing as the dead sea.

Ruth Great idea Hamish. Now no-one is to be in the lobby as the guests arrive. There is nothing spookier than arriving to an abandoned lobby. I have put the guests names on the keys so they should be able to find their own rooms.

(Exit Jayden & Elise)

## **Scene 2**

### **Intermediate Stage Stars – That Beautiful Sound.**

Victoria I've got to say that I am very excited for the Humans getting here.

Mary It feels like forever since I've really scared the wits out of someone.

Wanda Their hair will turn white with fear...they will yell...they will scream...that beautiful sound...

### **SONG 2 – THAT BEAUTIFUL SOUND**

Wanda Oops...I knocked over the key board.

Victoria Oh no, never mind just put the keys back on the hook...

Mary I hear voices they're coming, quick we've got to get out of here...

(Exit Jemima, Jemima & Evie)

## **Scene 3**

### **Senior Stage Stars – Transylvania Mania / Nicole Matthews**

#### **Haunted house**

(Enter Senior Stage Stars looking touristy)

Penny This way ladies, welcome to the Halloween Hotel. This building was designed and built in the sixteenth century by the Lileth Frankenstein...

Robin ...actually Penny it was the seventeenth...

Penny that's what I said Robin...as I was saying before I was so, rudely, interrupted...Lileth Frankenstein built the property. It has a very dark past full ghosts, monsters and who knows what else.

Bridget Ooh ghosts, I bet there are some good stories, if only the walls could talk...

Sparky You never know, maybe they can! I believe anything is possible. Walls I'm listening...

Harriet Great...there's always one crackpot on these types of things.

Sparky and how do I know it's not you?

Harriet Yes how do you know.

Penny This building was turned into a hotel only last year and only opened for one night before it was closed. All the guests who attended on opening night mysteriously died.

Harriet Mysterious, they ALL died you say?

Penny Yes, If you look to your left you will see a Painting of the Famous Lileth Frankenstein, Robin, don't stand there.

Robin errr...sorry...I didn't mean to...

Penny Well, anyway she is said to have cursed the hotel. This is the most notorious hotel in Transylvania so you must all be warned, there are monsters in this building...

Penelope Oh I'm sure there's nothing to be frightened of, just ghost stories and special effects. All those creatures that go bump in the night, Zombies, Witches, all that stuff is just folklore. It doesn't exist.

Agatha Why are you here if you don't believe it then?

Penelope Well, Agatha is it, charmed I'm sure, why are you here?

Agatha Err...well to be honest I am asking myself the same thing. I never leave my house see, I like to stay home and read, love your books by the way Bridget Crookshank isn't it?

Bridget Oh yes, thank you it's always nice to meet a fan.

Agatha ...anyway my therapist said I had to leave my house and start living and so here I am. I like horror and crime books so I thought this tour would be a perfect way for me to see if I could cope, out, with people. Anyway...

Penny (coughs) as I was saying you will have a frightfully good time.

Robin Err....where are the staff Penny...how will we check in...

Penny Oh, I don't know, it's very spooky no-one is around. I'll go see if I can find the manager.

(Exit Sophie)

Harriet So what exactly is on the schedule for this tour...

Robin Well we will visit the torture chamber, there is a fortune telling experience, a seance where we will try to reach the dead, we will go on a day trip to see the Dracula sights and of course plenty of time for relaxing in the hotel with a lovely meals and entertainment each evening.

Sparky Oh what fun...will there be dancing in the evenings I love to dance and paint, the creative arts are beautiful...

(Scream offstage)

Agatha I guess the adventure is beginning.

Robin Oh, yes, the Mania must be setting in, you see the longer you stay at the Halloween Hotel, the more it seeps into your soul causing you to feel fear, have weird dreams and feel general Mania...

(Re-enter Sophie)

### **SONG 3 – TRANSYLVANIA MANIA**

Sparky Oh what fun! I feel the magic in the air. Did we just get caught up in the Mania?

Harriet The Transylvania Mania, yes...it's all coming back to me...

Bridget Sorry?

Harriet I mean, wow this place, this building, that I never been to before, is lovely.

Agatha I don't know what just happened, I think I need to lay down...

Robin Do you need a glass of water. I'll get some sent to your room.

Penelope Well can we see our rooms so we can unpack and freshen up.

Bridget Our names are on these keys and the numbers must be our rooms. See this is why I write detective novels.

Robin Would you like to come collect you keys. Dinner is at 7pm. We'll see you all there.

Penny Thank you Ladies and remember, you will get the best and nothing more when you holiday with Penny Dreadful Tours.

(all get there keys and exit except Siara)

Sparky There are definately Spirits in this Building, I can feel their presence...

(Siara Exits)

### **SONG 4 – HAUNTED HOUSE – NICOLE MATTHEWS**

#### **Scene 4**

**Dollhouse – Lexi Griffiths (Inter SS introduction)**

**Haunted Heart – Rae McAllister (Inter SS introduction)**

Ruth            Right so it looks like all the guests picked up their keys. Wonderful.

Victoria        They should be coming down for pre-dinner drinks at 7 so I'll have the bar ready.

Mary            Errrr...we may have a slight problem...

Wanda          Oh no what's happened?

Mary            Well, I was just checking in on the guests to see if they had everything they needed, and no one had been in room 23.

Hamish         Oh don't tell me we've lost one already!

Ruth            Well all the keys are gone, I mean they are all skeleton key so technically they open all the doors but...oh you don't think...

Victoria        Have they gone into Room 13 by mistake?

Hamish         Well if they've already gone in its too late.... all of the bad ghosts and dangerous Monsters have been released...

Mary            No, it's begun, look out here comes that creepy doll ghost now...

Victoria        Hide....

(Exit Intermediate Stage Stars - Enter Lexi Griffiths)

## **SONG 5 – DOLLHOUSE**

(Enter Inters)

Wanda          Oh thank goodness that ghost has gone, so spooky...

Ruth            You spoke too soon, here comes another one...

(Enter Inters)

(Enter Rae McAllister)

## **SONG 6 – HAUNTED HEART – RAE MCALIISTER**

(Exit Rae McAllister)

Curtin closes – Trestle table & bench brought onto the stage.

## Scene 5

### Inter & Senior Stage Stars - Pulled (Lucy Carter) – Slipping Matilda Wilmore

(Inter Stage Stars go stand in front of Room 13)

Hamish        Look someone has been in there.

Ruth            But which one of the guests was it? We'll have to find them and isolate them so they don't turn the others into Zombies.

Mary            Are you sure they got turned into a Zombie. I go in that room all the time to clean and try get the blood of the walls and I never get turned into a Zombie.

Wanda          That's because you're a ghost. Ghosts can't be turned into Zombies can they!

Victoria        The Guests will be arriving for dinner. We'd better watch carefully and see who we think it is.

(Curtains open to a dining setting The Inters wait on the table as the Seniors Dine)

Penny           Hello everyone, how are your rooms, delightfully dark and gloomy, I hope.

Sparky          My room has a bed of nails, it's like acupuncture, so nice. I feel so relaxed.

Robin           Please do sit, dinner will be served soon.

Bridget         Wonderful I am starving, now what do we have on the menu, Toad in the hole, real toads haha how spooky!

Agatha          Any brains...brains...brains...I mean grains...haha yes grains... I'm gluten intolerant and the thought of grains just makes me so mad haha...

Harriet         Well, cheers to a lovely holiday will lots of thrills (everyone cheers glasses). It's nice to meet you all and I'd love to hear what brings you all on this trip.

Agatha          Robin, could you please show me how to get back to my room I need to get my glasses. I'm afraid I could get quite lost in this place.

Robin           Of course Agatha...right this way...

(Agatha & Robin exit into room 13)

Penelope        Oh well, I came here because I really wanted to get back to the real me, you see although I am a human now, I used to be a Witch.

Bridget         Fascinating, what was it that changed you?

Penelope        What changes anyone, love of course!

Sparky          You say you want to get back to the real you, do you want to become a Witch again?

Penelope More than anything! That boy broke my heart in the end, I was much better off when I was a Witch. I could cast spells, I had a heart of stone, I was so happy being a miserable hag. But that boy, he made me appreciate the soft and gentle things, he pulled me in the wrong direction, and I thought I liked it...

## SONG 7 – PULLED

(Agatha & Robin re-enter from Room 13– Robin is now looking like a Zombie too)

Sparky Oh you poor thing. So, you want to be a Witch again?

Penelope More than anything in the world, I miss being able to cast spells and really enjoy a cup of hot slime tea.

Harriet That's very interesting. A Witch, hmmm it would be interesting to dissect a Witch...

Agatha Dissect a Witch did you say?

Harriet You are very well-kept for a Witch...dissect haha...

Penny Oh Robin good you're back. You look a little pale, are you feeling alright?

Robin Yes, fine... just a little dead on my feet...

(Carla and Zuri give each other an awkward look)

Penny Oh calm down your job isn't that hard Robin. What is next on the schedule?

Robin Sorry boss, we are to go on a tour of the library and then we'll come back here for tonight's entertainment.

Bridget Oh the Library, how wonderful. I bet it's full of wonderful Murder Mystery Books. I wonder if any of my books are in there, my books are in every shop in the worly you know.

Sparky I like fantasy books and romance novels myself... girl meets boy, they fall love and...

Agatha Girl eats Boy's brains...mmm

Sparky Sorry?

Agatha Girl Meets Boy by Brian Brains, have you heard of it? Great book, if you swing by my room later, I can lend it to you.

Sparky Oh that's so kind thank you.

Harriet You go ahead and I'll catch you up.

Penny Are you sure Harriet. I wouldn't want you to get lost. If you haven't been here before it can be a bit of a maze.

(Harriet gives Penny a closed smile and waves her away. All exit except Matilda)

Harriet            What a bunch of silly people. Hahaha little do they know that I am Dr Harriet Horrible the best evil scientist ever! I will do as I did last time this hotel was opened and harness the evil powers and experiment on them all, nice innocent humans to use my mind control machine on. I cannot let them know my evil plan though, I must not let my disguise slip...I must watch that tour guide Penny Dreadful...I feel like she is suspicious...

## SONG 8 - SLIPPING

(Exit Matilda)

### Scene 6

### Howl – Inters & Nicole Matthews / My Eyes Inters

Hamish            Well I can't believe it...did you hear what she was saying...it appears that we are not the only monsters in this hotel.

Victoria           Great so now as well as having a Zombie amongst our guests we also have a mad scientist plotting to experiment on everyone.

Wanda            I thought I had seen her somewhere before.

Hamish            She is the one that was in Room 13 last time.

Ruth              But I thought there were no survivors?

Hamish            She must have ran away and now she's back!

Harriet            She must have been behind the disaster last time. Oh no what are we going to do?

Ruth              Just stay calm...we will think of something, we can't be closed down again!

Hamish            Errrr...is it a full moon tonight?

Wanda            Yes of course, why? Oh...

Harriet            We may have another problem to add to our list...Hamish I thought you said your wild ways were under control?

Hamish            I can hear the howls of my pack...they're calling to me I must go and hunt...howwwwwlllll...

(Exit Jayden).

Ruth              No Hamish...resist the call of the wolves...Come on we must stop him...

(Exit Intermediates, Enter Nicole)

## SONG 9 –HOWL – NICOLE

(Exit Nicole)

(Enter Jemima, Jemima & Evie)

Wanda            Well at least Hamish is better now that I brewed him a nice potion to stop him from turning rabid again.

Victoria        You're potions could fix anything I bet Wanda. This grand opening is turning out to be a bit of a mess.

Mary            We have to find a way to stop that Dr Harriet Evil from ruining our grand opening again.

Victoria        Don't forget we also have to figure who the Zombie guest is and stop them from biting any more guests...

(Enter Agatha (Zuri) & Penny (Sophie))

Victoria        ...Look there are two of the guests now... they are heading towards room 13.

Agatha         It's so kind of you for showing me the way to my room, I'm not feeling too well at all...

Penny          You do look terrible pale...maybe it was the Toad in the Hole...oh is this your room..

Agatha         Yes, would you like to come in, the view from my window is to die for...

(Agatha and Penny enter Room 13)

Wanda         The cheek of it, blaming my cooking!

Mary            Indeed. I think we have found our Zombie...is it too late to save our hotel...

Victoria        It's too late for that tour guide...this is madness...I can't believe this is happening again...

## **SONG 10 –MY EYES – JJE**

Mary            If it all goes wrong, we'll have to access our evil ways and put a stop to it all.

Wanda         Ahhh, I was having so much fun being good too. We'd better go and tell Hamish and Ruth.

(Exit JJE)

## **Scene 7**

### **Courage to Change – Lexi Griffiths & Seniors Monster Rae McAllister – Brand New Day - Seniors**

(Lucy, Matilda, Siara, Maya & Carla (Zombie) enter)

Sparky         I hope Agatha is feeling alright, she was acting very strange.

Penelope That girl was strange to start, but she has been different since we arrived at the Halloween hotel.

Harriet This place does strange things to people...well I imagine it does haha

Bridget The Library was truly splendid. This place...wow...all the horrible history gives me so many ideas for my next book. Maybe I'll write about Zombies eating people brains.

Robin Brains...eating delicious, juicy, tasty, slimy, mmm brains...

(All look at Robin strangely but get distracted as Penny & Agatha (Zombies) enters from room 13)

Sparky Oh there you are, feeling better Agatha?

Agatha Yes...much better...I think I just needed a err snack in my room...

Penny I'm hungry...(goes and stands right next to Penelope)...

Penelope Well don't look at me...I don't have anything to eat?

Robin Penny...you are the same as me?

Bridget Of course she is? You're both tour guides, what a strange thing to say?

Penny Yes, the same, strange, brains...I mean entertains haha...

Harriet Penny, are you okay?

Agatha Penny...

Penny (snapping out of it) Yes, oh I'm just tired it has been a long day. The entertainment is about to begin.

Sparky Oh lovely, didn't you say there is a singing ghost who haunts this hotel.

Robin Yes, she wails through the halls every night singing her song of courage. Please take your places for the performance.

(Seniors all sit at the front of the audience)

(Enter Lexi)

## **SONG 11 –COURAGE TO CHANGE -LEXI G**

(Exit Lexi)

(Seniors go back to the stage)

Sparky What a mesmerizing performance. It goes to show that art comes from the living, and the dead. I hope I still have my passion for art when I am dead.

Harriet We will soon see won't we.

Bridget Hmm...Harriet you are a very curious character. Now if I were writing a murder mystery, which as you know I often do, I may see you as one of the suspects...

Penelope Ah Bridget but nobody has died have they. This isn't one of your mystery books, we are all have a lovely holiday and if Harriet did kill us what would she have to gain?

Penny & Robin Brain...

Agatha Gain...nothing to gain...talking of books. I still have that book if you'd like to borrow it Sparky.

Sparky Lovely. I'll swing past your room in a little while. Thank you so much.

Penny Well good night everyone. I hope you all sleep well.

Robin Don't let the bed bugs bite...

Penelope And if they do, bite them back

(Exit all Seniors except Zuri)

Agatha What have I done...what have I become...I can't keep biting people and turning them into Zombies...but they are so hard to resist... and I get so hungry! No Agatha no...Sparky is so nice...I shouldn't...I won't...I will not be this Monster anymore.

(Exit Agatha - Sparky crosses the stage and knocks on Room 13)

Sparky Agatha, are you there? I brought you the book.

Agatha (From offstage) Go away...

Sparky Come out here, whatever is wrong? Do you need to talk, oh come on I insist...

(Enter Agatha)

Agatha Oh well, if you insist, why fight it?...

(Agatha drags Sparky into room 13)

(Enter Rae McAllister)

## **Song 12 –MONSTER – Rae McAllister**

(Exit Rae McAllister)

(Enter Sparky the ghost out of Room 13 followed by Agatha)

Sparky I can't believe you killed me, look at me...I'm a ghost...

Agatha But...errr...I only meant to turn you into a Zombie, but I guess I got carried away...

Sparky You only meant to turn me into a Zombie! What!

Agatha I was so hungry I forgot to stop and... well... and...you were delicious.

Sparky Oh well that's alright then. Doesn't matter that I'm dead as long as you are satisfied. Wait you meant to turn me into a Zombie...What is wrong with you?

(Enter Robin & Penny)

Robin What is all this noise about...

Penny Shhhh, you're being loud enough to wake the dead.

Robin Agatha, what did you do? Is she a ghost?

Penny Did you kill Sparky? Look we're all hungry Agatha but...

Sparky Wait are you all Zombies?

Agatha Yes, I don't know what happened but when I first arrived, I went to my room. I remember unlocking the door, but I don't remember going in and I woke up on the bed and I was a Zombie.

Robin Then she bit me and turned me into a Zombie.

Penny Me too!

Robin I'm sooo hungry...

Penny Me too!

Sparky Well...I'm glad I'm not a Zombie, I'm not hungry at all...but I do feel like floating around, maybe dancing and singing, oh this is fun...I like being a ghost...

Agatha I don't like being a Zombie, I'm always hungry for brains...

Robin & Penny Brains...

Robin I have an idea, why don't we eat the others too...

Penny Robin, I like you much better as a Zombie, finally you have some guts...

Sparky Well I did come to this spooky hotel to see monsters at work, I just didn't think we'd be the monsters.

Agatha Finally I have friends, it is a brand-new day, time for a feast.

### **SONG 13 –BRAND NEW DAY- SOPHIE – SIARA – ZURI - CARLA**

(Exit Seniors)

## Scene 8

### Flesh & Bone – Inters

(Enter Inters)

- Mary I just heard on the ghost-vine that there is a new ghost, and she is mean.
- Hamish How can there be another Ghost, wait one of the guests must have died.
- Mary Apparently this new ghost is helping all the Zombies and they are out for Brains...
- Hamish All of the Zombies...oh no, how many of the Guests are still human, we must save them.
- Ruth I think three of them are still human...What shall we do?
- Victoria I could put some of the blood that I drink in the Zombie's water, so they don't get hungry and eat the other guests.
- Mary What if we all use our skills to somehow reverse the evil in Room 13 then send all the guests into the room to get whatever is happening to them reversed.
- Wanda I'm good at potions not spells but we need to cast a spell on that room...oh I'll make a Potion to give that Penelope her Witch powers back, she may a Witch that's good at spells?
- Hamish But how will we get them all to go into room 13 again? Oh, I know we could get that evil scientist Dr Harriet Horrible to use her mind control machine to get them in there.
- Wanda But how will we convince them to help us? They'll never believe us,
- Mary I have a plan, I will go and whisper in a certain crime writer Bridget Crookshanks ear. She is the key to our plan you'll see.
- Ruth I think it's time that we took our hotel back.

## SONG 14 –FLESH AND BONE – INTERS

## Scene 9

### I Put a Spell on You – Lucy Carter / Monster – Matilda Wilmore / Agatha All Along – Seniors

(Bridget (Maya) is onstage making notes)

- Bridget Well...this is quite exciting, what a strange sequence of events...Agatha went to room 13 she was acting strange, then Robin went with her...Penny must have too and Sparky wanted to borrow that book...hmmm...I couldn't write a story like this...oh look...this must be for Penelope...just what we need...

(Enter Penelope (Lucy) out of breath)

Penelope      Bridget look out, she's coming...

Bridget        Who is coming?

Penelope      Robin, the Tour assistant she just tried to bite me, I think she's a Zombie!

Bridget        Oh that's strange...a Zombie you say? Well that confirms my theory.

Penelope      What theory?

Bridget        Well I've been watching everyone very carefully this whole time and...

(Enter Matilda holding out her Ray gun)

Harriet        Right you two freeze...

Bridget        What are you doing Harriet, put that mind control device away...

Harriet        But I am going to take over your minds and...

Bridget        Yes, yes you are going to try to take over our minds and control us and experiment on us like you tried to do to the people at the Hotel last time.

Penelope      What on earth is happening?

Harriet        How do you know...

Bridget        Well every good writer does their research of course...I know everything about all the guests and this hotel here. When you were here last time your experiment went wrong didn't it Harriet.. and everyone died!

Harriet        Yes, but now I have fixed my mind control machine and you will be in my power.

Bridget        We have no time for that but I do have a way to use your mind control device which you will enjoy I promise, and Penelope I'll need your Witch powers too.

Penelope      But I'm not a Witch anymore...I wish I was...

Bridget        Well you can be quite easily if you drink that potion over there...

(Penelope drinks the potion)

Penelope      Oh...I feel different...like my true self yes! I need to try to cast a spell.

Bridget        I have just the spell we need...you must cast a spell on Room 13.

Harriet        Why would she do that?

Bridget        Room 13 is evil. It caused all this mess, and you must cast a spell to get rid of the Evil and make that room full of happiness and love.

Penelope      Okay here goes...

## SONG 15 – I PUT A SPELL ON YOU - LUCY C

Penelope It's so nice being a Witch again...look at that room so pretty...but why did I have to do that?

Bridget I'll get to that. Now Harriet I need you to make one adjustment to your device so that it works on Zombies not humans. You see Agatha, Robin and Penny are all Zombies...

Harriet Zombies! Really! How interesting.

Penelope Interesting? Robin tried to bite me...and where is Sparky?

Bridget Sparky, well she's not a Zombie but I think whoever went into Room 13 at the start was turned into a Zombie and they bit the others and turned them too.

Penelope Oh I see, now we need to get them all to go into Room 13 so my spell will turn them back to humans.

Bridget Very good Penelope. Now to get them to go in there we will have to use your device, Harriet. Can you change it to work on Zombies?

Harriet I can yes...let me think...to get the settings right I will have to think like a Zombie...a monster....hmmm what do they do?

### **SONG 16 – MONSTER - MATILDA**

Penelope Oh how clever you are Harriet, will your device work?

Harriet Of course it will I am a mastermind an evil mastermind.

Bridget Well Evil mastermind, I'm glad you are helping us. Now we must get the others here and into Room 13 before it's too late.

Penelope Who was staying in room 13...who started all of this?

### **SONG 17 –AGATHA ALL ALONG- LUCY – MATILDA – MAYA**

(During song Zombies and ghosts are chased into Room 13 to become normal again.)

Agatha Thank you so much for saving us, I hated being a Zombie.

Sparky and I'm not a ghost anymore!

Robin How did you figure out what happened to us?

Harriet Bridget figured it out, she is quite the detective.

Penelope Yes but the Hotel staff helped her to figure out how to fix it using my magic and Harriet's Mind control Device.

Penny Well it has been quite the adventure at the Halloween Hotel. I hope you have all enjoyed your holiday?

Penelope It hasn't been very relaxing but isn't it adventure that we came here for.

Agatha            We've certainly had that, and we've made some wonderful friends too.

Robin            It's the last night of our holiday, time for the Halloween Party.

(Enter Intermediates)

All                (Cheer)

## SONG 18 – ONE FOR ALL (BOWS)

We are all different, baby  
But that's what I like  
We're separate but we're together  
Like stars in the sky  
We got a good thing going on  
Yeah, nobody has to feel alone  
Oh, yeah

One of us chased the day  
And one of us faced the night  
And all of us paved the way  
To where we all are tonight  
Turned around  
And now we found  
That we are now  
All...

One for all, used to be divided  
One for all, now we're all united  
One for all, this party ain't private  
One for all, everyone's invited  
One for all, no wristband required  
One for all, get hype, get excited  
One for all, one for all  
One for all, one for all (Whoo)

There's something here that's magic  
Let's dance until dawn  
The feeling is automatic  
It's where we belong  
We're so unique, we're not the same  
Yeah  
And that's what gives us all our strength

One of us chased the day  
And one of us faced the night  
And all of us paved the way  
To where we all are tonight  
Turned around

And now we found  
That we are now  
All...

One for all, used to be divided  
One for all, now we're all united  
One for all, this party ain't private  
One for all, everyone's invited  
One for all, no wristband required  
One for all, get hype, get excited  
One for all, one for all  
One for all, one for all (Whoo)

We about to bring it on, on  
Watch me shake it like pom pom  
Yeah, shake it, shake it, shake it  
Shake it, shake it, shake it like a pom pom  
Yeah, get sick, get ill  
Lean back with the zombie tilt  
Hey, with a zombie tilt  
Yeah, with a zombie tilt  
Uh, new kids on a new block  
Werewolves do the moon walk  
Do the moooo-  
Do the moooo-  
Do the moon walk

One for all, used to be divided  
One for all, now we're all united  
One for all, this party ain't private  
One for all, everyone's invited  
One for all, no wristband required  
One for all, get hype, get excited  
One for all, one for all  
One for all, one for all (Whoo)

One for all  
One for all
